President' Desk

It gives me immense pleasure to share the Annual Report of our organization it all of you. The nature of governance with its inherent dynamics of Government and Non-Government mindsets and the professional execution of the negotiated mandate of the organization, make our organization a unique organization with unique character and this needs to be valued. Since the day of its establishment, the organization has been supporting remote and grass root communities to ensure decent conditions for life and work. Today I am happy to mention considerable increase in efficiency and effectiveness of our work as well as involvement of new thrust areas in our programs as a result of research and survey conducted by our organization. Our organization is extremely happy for this performance and hopes to continue in the same spirit for years to come, bringing solace and prosperity to vulnerable.

I call upon our long-standing supporters to further strengthen our organization so that we can keep the organization relevant and live to the development needs of communities. Wish you all the Readers and the whole team a very happy and prosperous future.

I would like to Congratulate each and every members of the our organization ho continue to support and believe in our Work.

(President)

OUR ACTIVITIES

Education Development Program

Studies of students who attend high-quality programs for a significant period of time show improvements in academic performance and social competence, including better grades, improved homework completion, higher scores on achievement tests, lower levels of grade retention, improved behavior in school, increased During these initial years of life, children's brains are growing and learning at a rapid rate, and learning typically comes very easy to them. The purpose of education at this stage is to build a solid foundation for children to build upon for the rest of their lives. A development program describes the steps involved in improving somebody's knowledge, performance, and skills.

Blood Donation Camp

SMILE CHARITABLE FOUNDATION Organisation organizes blood donation camps time to tome, at different locations across Delhi/NCR. A recent event was held in connection with the 3rd anniversary celebrations of the World Blood Donors' day . Such campaigns have collected a total of 7000 units of blood in 40 camps over the past five years. A Giggles Welfare Organisation arranges blood donation camp and collects blood for Thalassemia Patients every month, every month blood donors donate blood through A Giggles Welfare Organisation to serve the humanity and to save the patients fighting with critical diseases like Thalassemia and other life threatening disease. We are also spreading awareness on blood donation so more and more people come ahead to donate blood and serve the humanity. As per the facts of WHO that 8 million units of blood are collected globally every year.

Environment Awareness Program

Environmental awareness is critical because it can help to minimise pollution and global warming. It can also lead to a more sustainable world by promoting renewable resources such as solar, wind, and water. Buy reusable products such as glass bottles, reusable bags, and reusable cups. Avoid buying disposable goods such as paper towels, plastic bottles, and plastic bags. Start a composting and recycling program in communities where there are none. This will help cut down our waste production.

Women Empowerment Awareness

Women's empowerment can be defined to promoting women's sense of self-worth, their ability to determine their own choices, and their right to influence social change for themselves and others. Women's empowerment has five components: women's sense of self-worth; their right to have and to determine choices; their right to have access to opportunities and resources; their right to have power to control their own lives, both within and outside the home; and their ability to influence the direction of social. Gender equality prevents violence against women and girls. It's essential for economic prosperity. Societies that value women and men as equal are safer and healthier. Gender equality is a human right. Awareness-raising is a process that seeks to inform and educate people about a topic or issue with the intention of influencing their attitudes.

Food & Clothes Distribution For Poor People

Unequal food distribution can first be linked back to the unequal distribution of wealth amongst global populations. Unequal distribution of wealth is a situation where available resources are not distributed evenly amongst the population. To make it really simple, a food bank is a place where companies or people can come to deposit or donate their unused or unwanted food which will then be collected and allocated to the needy through a network of member beneficiaries such as NGOs Children & migrant families in urban slum. There are many benefits of helping the poor. Some people do it because they want to spread smiles, some people do it because they are really worried about helpless people, and some do it to ensure everyone is happy and satisfied with what he has got.

Art & Culture Program Celebration With Children

This section offers comprehensive information related to cultural heritage, ancient monuments, literary arts, visual arts, schemes, programmes, performing arts, fairs and festivals and handicraft. Arts bring different people together, and culture helps to appreciate each other with their diversity. They bring about understanding. Lessons acquired from these subjects can be applied in learning positive behaviors and lifestyles that need consistency. Making improvements and progressing in life needs time. Arts festivals are a cultural highlight in many towns, cities and countries worldwide. Celebrations of the richness and diversity of culture and creativity, they often encompass a variety of contemporary and traditional art forms — dance, music, theatre, arts and crafts.

Covid-19 Precaution

We advise rational use of medical masks to avoid unnecessary wastage of precious resources and mis-use of masks. The most effective ways to protect yourself and others against COVID-19 are to frequently clean your hands, cover your cough with the bend of elbow or tissue and maintain a distance of at least 1 meter. Safety measures are activities and precautions taken to improve safety, i.e. reduce risk related to human health. Common safety measures include: Chemical analysis. Destructive testing of samples. Drug testing of employees, etc. Wash your hands often with soap and water for at least 20 seconds, especially before you eat. Avoid touching your eyes, nose, and mouth with unwashed hands. Avoid close contact with people who are sick. Keep a distance of at least 6 feet to help slow the spread of COVID-19.

Acknowledgement

Organization acknowledge with gratitude to all those who have supported the organization through contribution, donation and by different means directly or indirectly. Management Committee of the organization places on record their appreciation of the encouragement and moral support from donors, members of the organization, honorary persons and staffs associated with organization along with community with whom organization is working.
